In re Application of	:
Chu et al.	:
Application No. 10/039,383	: DECISION DISMISSING
Filed: 8 January, 2002	: PETITION
Attorney Docket No. AM100249	:

This is a decision on the petition, filed on 4 August and supplemented on 16 October, 2003, styled under 37 CFR 1.10(d), which is treated as a petition requesting reconsideration of the decision mailed on 3 June, 2003, and requesting that the above-identified application be accorded a filing date of 17 December, 2001, rather than the presently-accorded filing date of 8 January, 2002.

The Office apologizes for the delay in responding to the present petition.

The petition is again dismissed.

Petitioners allege that the application was deposited in Express Mail service on 17 December, 2001.

Paragraph (a) of 37 CFR 1.10 states that:

Any correspondence received by the Patent and Trademark Office (Office) that was delivered by the "Express Mail Post Office to Addressee" service of the United States Postal Service (USPS) will be considered filed in the Office on the date of deposit with the USPS. The date of deposit with the USPS is shown by the "date-in" on the "Express Mail" mailing label or other official USPS notation. If the USPS deposit date cannot be determined, the correspondence will be

accorded the Office receipt date as the filing date.<sup>1</sup>  
(emphasis added)

Paragraph (c) of 37 CFR 1.10 states that:

Any person filing correspondence under 37 CFR 1.10 that was received by the Office and delivered by the "Express Mail Post Office to Addressee" service of the USPS, who can show a discrepancy between the filing date accorded by the Office to the correspondence and the date of deposit as shown by the "date-in" on the "Express Mail" mailing label or other USPS notation, may petition the Commissioner to accord the correspondence a filing date as of the "date-in" on the "Express Mail" mailing label or other official USPS notation, provided that:

(1) The petition is filed promptly after the person becomes aware that the Office has accorded, or will accord, a filing date other than the USPS deposit date;

(2) The number of the "Express Mail" mailing label was placed on the papers or fees that constitute the correspondence prior to the original mailing by "Express Mail;" and

(3) The petition includes a true copy of the "Express Mail" mailing label showing the "date-in," and of any other official notation by the USPS relied upon to show the date of deposit.

Paragraph (d) of 37 CFR 1.10 states that:

Any person filing correspondence under this section that was received by the Office and delivered by the "Express Mail Post Office to Addressee" service of the USPS, who can show that the "date-in" on the "Express Mail" mailing label or other official notation entered by the USPS was incorrectly entered or omitted by the USPS, may petition the Commissioner to accord the correspondence a filing date as of the date the correspondence is shown to have been deposited with the USPS, provided that:

(1) The petition is filed promptly after the person becomes aware that the Office has accorded, or will accord, a filing date based upon an incorrect entry by the USPS;

(2) The number of the "Express Mail" mailing label was placed on the paper(s) or fee(s) that constitute the correspondence prior to the original mailing by "Express

Mail"; and

(3) The petition includes a showing which establishes, to the satisfaction of the Commissioner, that the requested filing date was the date the correspondence was deposited in "Express Mail Post Office to Addressee" service prior to the last scheduled pickup for that day. Any showing pursuant to this paragraph must be corroborated by evidence from the USPS or that came into being after deposit and within one business day of the deposit of the correspondence in the "Express Mail Post Office to Addressee" service of the USPS. Any statement submitted in support of such a showing pursuant to this paragraph must be a verified statement if made by a person other than an employee of the USPS or a practitioner as defined in § 10.1(r) of this chapter.

In regards to paragraph (3) of 37 CFR 1.10(c) above, petitioners have not submitted a true copy of the "Express Mail" mailing label showing the "date-in" and any other official notation by the USPS relied upon to show the date of deposit.

Further, in regard to 37 CFR 1.10(d), petitioners have not presented corroborating evidence that the correspondence was deposited in Express Mail service prior to the last scheduled pickup for that day. If the error was due to the USPS entering the wrong date on the Express Mail label, petitioners should request a letter from the USPS stating that the correct date of deposit is 17 December, 2001, and explaining why the error occurred. Additionally, petitioners may provide evidence that came into being after deposit and within one business day of deposit of the application in Express Mail. Such evidence may include a mail log with an entry made after the application was deposited in Express Mail, or a letter to the client sent after the mailing of the application confirming the mailing of the application.

In this regard, the affidavits of counsel's secretary, Ms. Terry Mancuso, is insufficient as proof that the application was deposited on 17 December, 2001, because the affidavit was made more than one business day after the date the application was purportedly deposited in Express Mail. Furthermore, petitioners have not shown that a mail log exists containing an entry made after and within one business day of the date of deposit of the application in Express Mail.

It is suggested that petitioners obtain a statement from the USPS stating that the correct date of deposit of the Express Mail envelope in question (i.e., EL783017014US) was deposited in

Express Mail Post Office to Addressee Service on 17 December, 2001. This statement should be provided with any renewed petition.

Any request for reconsideration (no further petition fee is required) must be filed within TWO MONTHS of the date of this decision in order to be considered timely [37 CFR 1.181(f)]. The request should be addressed as follows:
